

Patient Intake Instructions

Please read and fill out the following intake and policy forms in full and bring them with you to your appointment. *****Please note** If you are unable to fill out your paperwork prior to your appointment time, you must arrive 30 minutes early, or your appointment will be rescheduled for a later date.***

The office is located at:
1540 International Pkwy.
Suite #2000
Lake Mary, FL 32746
407-328-6711

The building is located at the corner of 46A and International Pkwy., between the Wells Fargo and Walgreens. Take the elevator to the second floor and take an immediate right to reach the reception area. Check in with the receptionist and I will be with you shortly.

Please turn all cell phones to 'Airplane Mode' and turn off all WiFi and Bluetooth capabilities while in the treatment room. Phones and other wireless devices must not be transmitting signals at any time, for any reason, while in the treatment room.

Scheduled Appointments: Please be courteous and arrive on time for all scheduled appointments as that time is set aside just for you. If you arrive more than 10 minutes late, your appointment will either be shortened or rescheduled, and you will be responsible for paying for the full fee for the 'late' appointment.

To prepare for your first acupuncture session, please dress comfortably if possible, and have a light snack within 2 hours of your visit. If you are also having a nutritional testing session, please stop taking all vitamins and herbal supplements at least 24 hours prior to your appointment time.

To prepare for your nutritional testing / functional medicine / muscle testing and for any follow up sessions, please trim or file fingernails down for more comfort, and for the most accurate results. Also, stop taking all vitamins and herbal supplements at least 24 hours prior to your appointment time. This will allow for the most accurate feedback as to how your organs and glands are functioning without extra nutritional support.

I have read and understood the instructions and office policies regarding cell phone and wireless device use:

Name _____ Date: _____

If you must cancel your appointment, please give **48 hours' notice** if it all possible.

Exceptions will be made for medical emergencies. ***The full appointment 'fee for service' will be charged for all 'no-shows' or failure to cancel within 48 hours of appointment time.***

You will be required to pre-pay for services after two 'no- shows' or failure to cancel within 48 hours of appointment time.

I, _____, certify that I have read and understood the statements above and agree to abide by them.

Signature: _____ Date: _____

Consent for Treatment

Clinical Nutrition, Biofeedback, Acupuncture, Holistic and Natural Therapies

I hereby request and consent to the performance of acupuncture and / or nutrition therapy sessions and other procedures within the scope of the practice of oriental medicine on me (or on the patient named below, for whom I am legally responsible) by the acupuncturist named below and/or other licensed acupuncturists who now or in the future treat me while employed by, working or associated with or serving as back-up for the acupuncturist named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I understand that methods of treatment may include, but are not limited to, acupuncture, heat therapy, cupping, electrical stimulation, Tui-Na (Chinese Medical Massage), Cation mudpacks, poultices, herbal medicine, bio-feedback, muscle testing, NAET and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided orally or in writing. The herbs and nutrients may be unpleasant to the taste or smell. I will immediately notify a member of the clinical staff of any unanticipated or unpleasant effects associated with the consumption of the herbs or nutrients.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects, including bruising, numbness or tingling near the needle sites that may last a few days, and dizziness and fainting. Bruising is a common side effect of cupping. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the clinic uses sterile disposable needles and maintains a clean and safe environment. I understand that this document describes the major risks of treatment, and that other side effects and risks may occur. The herbs and nutritional supplements (which are from plant, animal and mineral sources) that have been recommended are traditional considered safe in the practice of Chinese and Holistic Medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, stomachache, vomiting, headache, diarrhea, rashes, hives and tingling of the tongue. Some detox effects may occur that are a normal part of the body's healing process. I will notify a clinical staff member who is caring for me if I am or become pregnant.

I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon facts then known is in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
